About Department

Electrical Engineering is a field of engineering that generally deals with the study and application of electricity, electronics, and electromagnetism. We cater the need of students in this field. To create a beacon of hope for generations and to make them realize the ethical power of computing and conversion of binary to digits. Ever year to create a valuable team of technocrats experts achieving the level of global competency.

Vision of Department.....

“To impart quality technical education to confront the elevations in electrical province and to procreate globally proficient technocrat with high human values”

Mission of Department....

“To induce quality engineers from rural areas who will devote voluntarily to converge with evolution in electrical science and to strive to seek the ever growing energy demands of industry, society and the nation.”

"Every job is a self-portrait of the person who did it. Autograph your work with EXCELLENCE."

Industrial Visits....

Sr. No	Name Of Visit	Date	Class
01	Sun Star Pvt. Ltd. Karwand Shirpur	14/9/2019	SYEE & TYEE
02	Dhruv Cotex Pvt. Ltd. Dahiwad Shirpur	14/9/2019	SYEE & TYEE

Industrial Visit At Sanstar Pvt. Ltd. Shirpur.

The visit was organized for the 3rd year students to sanstar Pvt. Ltd. Shirpur. The aim of this visit was to give practical exposure to the students about the various Technical and nontechnical activities carried out at food industries. Mr. Lalit Maneria, who is the manager of sanstar Pvt. Ltd. Shirpur, answered the questions asked by the students. They also got the Information about the operation of plants, chemical processes carried out in production. Prof. Nikhil Borse Coordinated this visit. & Prof.Ms. H. A. Badgujar was present during the visit. Overall Visit to this industry was very helpful for improving the knowledge of students.

"EDUCATION is the most powerful weapon which you can use to change the world."

Industrial Visit At Dhruv Cotex Pvt. Ltd. Dahiwad Shirpur

The visit was organised for the 2nd year 3rd year students of electrical engineering to the Dhruv Cotex Pvt. Ltd. Shirpur. The aim of this visit was to give practical exposure to the students about the various machines and drives used in textiles industry. They visited the Control Room and observed the activities carried out there. They also got the Information about the switchgear equipment's used for protection of machines. Mr. Pradip Nikam guided students about operation and maintenance of machines also answered their questions. Students had an interaction with the technical and supporting staff. They visited various sections of the company and observed the work there

Honourable Principal Prof. N.G. Haswani sir gave guidelines for making this visit a success. Prof. Nikhil Borse Coordinated this visit & Prof. H. A. Badgujar were present during the visit.

"If the plan doesn't work change the plan but never THE GOAL."

Guest Lectures.....

Sr. No	Name Of Guest Lecture	Date	Class
01	Maintenance & operation in textile industry	12/9/2019	SYEE & TYEE
02	Renewable Energy Sources-Solar plant Installation	13/9/2019	SYEE & TYEE
03	Recent trend in power Generation	13/9/2019	SYEE & TYEE

"When educating the minds of our youth, we must not forget to educate their hearts."

Guest Lecture on Maintenance & Operation In Textile Industry

Guest Lecture on 'Maintenance & Operation in Textile Industry' by Mr. Chetan Badgujar (Maintenance Engg.), Adhish Tex. Fab Pvt. Ltd. Dahiwad Shirpur. This lecture is organized by the Department of Electrical Engineering on 12th Sept 2019 for SYEE & TYEE students. This lecture was organized for letting students know some basic things regarding machine maintenance, testing & operation.

"Educating the mind without educating the heart is no education at all."

Guest Lecture on Renewable Energy Sources-Solar plant Installation

Guest Lecture on 'Renewable Energy Sources-Solar plant Installation' by Mr. Vipin Choudhary (Unique Techno solution) Jalgaon. This lecture is organized by the Department of Electrical Engineering on 13th Sept 2019 for SYEE & TYEE students. This lecture was organized for letting students know the solar panel installation for residential purpose, which things we should consider while installation, advantages of using solar panel...etc. contents are covered in this lecture, which was very informative for students.

Guest Lecture on “Recent Trend In Power Generation”

Guest Lecture on 'Recent Trend in Power Generation' by Mr. Hemant Saindane He is Assistant Engineer at MSEDCL Shirpur. This lecture is organized by the Department of Electrical Engineering on 13th Sept 2019 for SYEE & TYEE students. This lecture was organized for understanding the concepts of transmission, distribution etc. contents are covered in this lecture, which was very informative for students.

Personality Development Workshop-Secret of an Impactful Success.

"Perfection is not attainable, but if we chase perfection we can catch **EXCELLENCE.**"

OUR TOPPERS - SUMMER 2019**TYEE**

Rank	Name of Student	Percentage
1	SUTAR BHUPESH PRAKASH	83.52
